New Vineyard

**BROKEN ROCK VINEYARD
NAPA VALLEY**

2011 CABERNET SAUVIGNON, 2010 & 2011 MERLOT

This 48-acre vineyard is located in one of our favorite places in Napa – the eastern ridge of the valley near Soda Canyon. Wines from this region seem to have the best of mountainside structure but with the ripe flavors from the valley floor. Planted at over 2,000 vines per acre on extremely low fertility soil (thus its name) and using Bill Hill’s precision viticulture techniques, this vineyard produces extremely concentrated wines with purple-black color and ripe, dark fruit aromatics. All of the Cabernet Sauvignon is planted to clone 337 on 3309 rootstock and the hillside has a western exposure to ensure plenty of afternoon sun. This site is the source of some big name, small-production cult wines, and is immediately adjacent to a Napa stalwart that is a triple digit crowd favorite.

2011 Cabernet Sauvignon Barrel Price: \$11,900 (\$39.67/Bottle)
2010 & 2011 Merlot Barrel Price: \$8,200 (\$27.33/Bottle)

WINES YOU SHOULD TRY
Loring (\$46/Bottle) **WS 92**
Dain Wines (\$42/Bottle) **RP 92**

**BROSSEAU VINEYARD
CHALONE, MONTEREY**

2010 & 2011 PINOT NOIR

This vineyard is located in Monterey County at an elevation of some 1,600 feet in the Gabilan (AKA Gavilan) Mountain Range and produces tremendous Chardonnay and Pinot Noir. Located next door to the vineyard planting that helped make California famous in the 1976 Paris tasting, Chalone features limestone soils which results in stressed vines that produce concentrated, long-lived wines. We have a very small allocation of clone 115 from this steep hillside property.

2010 & 2011 Pinot Noir Barrel Price: \$8,200 (\$27.33/Bottle)

WINES YOU SHOULD TRY
Tangent (\$79/Bottle) **RP 94**

**CARREFOUR VINEYARD
COOMBSVILLE**

2011 CABERNET SAUVIGNON

Carrefour is located in Coombsville, an area that has developed a well-deserved reputation for growing cooler climate Cabernet Sauvignon in Napa Valley. The moderate temperatures lengthen the growing season to produce wines with evolved tannins and the well-integrated classic herbaceous notes associated with Cabernet. The 18-acre site is primarily planted to clone 337 and features well-drained volcanic soils.

2011 Cabernet Sauvignon Barrel Price: \$9,300 (\$31.00/Bottle)

WINES YOU SHOULD TRY
Patel (\$95/Bottle) **RP 95**

**TOURMALINE VINEYARD (COOMBSVILLE VINEYARD)
COOMBSVILLE**

2011 CABERNET SAUVIGNON, 2010 MERLOT

East of the town of Napa, Coombsville Vineyard is cooled by the fog and breezes blowing off San Pablo Bay. The 65-acre site is planted to Bordeaux varietals on gently sloping terrain. The cooler climate allows for a nice long growing season and produces a fleshy, opulent interpretation of the grape. Planted to clones 4 and 337 on 110R rootstock, the clusters here are smaller due to slightly distressed soils and lower precipitation totals in this section of Napa.

2011 Cabernet Sauvignon Barrel Price: \$10,500 (\$35.00/Bottle)
2010 Merlot Barrel Price: \$8,200 (\$27.33/Bottle)

Provenance

WS 91

**GALLERON ROAD VINEYARD
NAPA VALLEY, RUTHERFORD
2011 SAUVIGNON BLANC**

As in Bordeaux, Sauvignon Blanc tends to do extremely well where Merlot grows. Rutherford, in the heart of the Napa Valley, has sustained many of the region's most renowned wineries and produces some incredible Merlot. The soils are a mosaic of gravelly loam and sand along with volcanic and marine sediments that provide excellent drainage. This vineyard was the source of our inaugural Sauvignon Blanc back in 2006. The wines display crisp citrus notes of grapefruit and lemon-lime, combined with minerality and herbaceous hints.

2011 Sauvignon Blanc Barrel Price: \$6,000 (\$20.00/Bottle)

WINES YOU SHOULD TRY

Turley (\$50/Bottle)

RP 95

**GRIST VINEYARD
DRY CREEK VALLEY
2011 ZINFANDEL**

Located 1,000 feet above the Dry Creek Valley floor, this certified organic vineyard adds a bit of mountain structure and spice to the traditional Dry Creek brambly red fruits. The vines are head pruned and sit in iron-rich red volcanic soils that stress the vines into low yields and concentrated wines. Crushpad is always thrilled with the beautiful fruit delivered from Grist and we eagerly await the day the wine is ready for bottling.

2011 Zinfandel Barrel Price: \$7,500 (\$25.00/Bottle)

WINES YOU SHOULD TRY

Try our neighbor:
Melville (\$36/Bottle)

RP 94

**HAYES RANCH
STA. RITA HILLS
2011 PINOT NOIR**

Roughly 10 miles inland from the Pacific Ocean, in the cool western area of Sta. Rita Hills, sits Hayes Ranch. Clones 777 for fruit, 115 for color and Pommard for structure are all grafted to 101-14 rootstock with 8' x 4' spacing in the vineyard. This small 7-acre vineyard on Sweeney Road is low vigor and is farmed using primarily organic methods. This is its fourth leaf and the first harvest of our own vineyard.

2011 Pinot Noir Barrel Price: \$8,200 (\$27.33/Bottle)

WINES YOU SHOULD TRY

Goldeneye (\$52/Bottle)

**HAYLEY VINEYARD
ANDERSON VALLEY
2011 PINOT NOIR**

The fog and cool temperatures that push in from the Pacific make Hayley's Vineyard an ideal location for growing Pinot Noir. Located halfway between Boonville and Philo in Anderson Valley, this 34-acre site is planted to Dijon clones 115, 667 and 777 along with small amounts of Pommard and Martini. In 2007, management of the vineyard was taken over by Premier Pacific Vineyards, a spare-no-expense viticulture team with whom we are proud to collaborate.

2011 Pinot Noir Barrel Price: \$8,200 (\$27.33/Bottle)

WINES YOU SHOULD TRY

Williams Selyem (\$60/Bottle)
Ketcham Estate (\$38/Bottle)

**KETCHAM VINEYARD
RUSSIAN RIVER VALLEY
2011 PINOT NOIR**

We've been scouring the Russian River Valley for trophy-worthy sites and are absolutely thrilled to bring this property into our 2011 catalogue. We've secured a selection of 10 year-old vines comprised of Dijon clones 115 and 667. 115 from the site brings bright red fruit to the nose and palate while the 667 features hefty New World weight and notes of bramble & briar patch. Our rows are oriented east to west on a slight southern facing slope. In addition to Ketcham Estate, Williams-Selyem, Gary Farrell and Sapphire Hill are sourcing from this property.

2011 Pinot Noir Barrel Price: \$8,500 (\$28.33/Bottle)

WINES YOU SHOULD TRY

Londer Vineyard (\$50/Bottle) **WS 92**

**LONDER VINEYARD
ANDERSON VALLEY
2011 PINOT NOIR**

This prized location, amongst Anderson Valley's lofty hillsides, is noted for its push & pull of bone-chilling morning fogs and warm afternoon sunshine. This manic, cool-to-warm balancing act is a perfect environment for Pinot Noir. We source 115, 777 and Pommard clones that sit in well-draining sandy loams. The owner, Larry Londer, is committed to sustainable farming and is incorporating organic principals into his practice. In addition to estate bottlings for Londer Winery, this fruit is also sourced by Duckhorn's Goldeneye.

2011 Pinot Noir Barrel Price: \$8,200 (\$27.33/Bottle)

WINES YOU SHOULD TRY

Try our neighbor:
Hourglass (\$110/Bottle) **RP 98 WS 92**

**NEAL 3
NAPA VALLEY, ST. HELENA
2011 CABERNET SAUVIGNON**

Neal3 is owned by Mark Neal, a meticulous grower who oversees vineyard management at Ink Grade and numerous other high-quality sites. This St. Helena vineyard sits adjacent to Hourglass Vineyard, where Bob Foley makes his magic. Like its next door neighbor, Neal3 is planted to the "See" clone – an older clone of unknown origin that creates deep, structured wines. The rocky/gravelly soils are extremely well draining and produce small berries on very small clusters. This results in deeply colored wines with sturdy tannic structure

2011 Cabernet Sauvignon Barrel Price: \$9,300 (\$31.00/Bottle)

WINES YOU SHOULD TRY

New Vineyard

**RAFAEL VINEYARD
OAK KNOLL DISTRICT OF NAPA VALLEY
2011 CABERNET SAUVIGNON**

Rafael Vineyard is a sloping hillside property in Oak Knoll. Being in the southern part of the valley, the temperatures are moderated by the weather patterns coming off San Pablo Bay. These cooling breezes and morning fogs help the grapes retain assertive acids that warmer growing spots can't match. The vines at Rafael are planted in porous sands and gravel, which forces the roots to work deep into the ground in search of water. This natural devigoration helps produce smaller berries with balanced concentrations of tannins and acidity.

2011 Cabernet Sauvignon Barrel Price: \$10,500 (\$35.00/Bottle)

WINES YOU SHOULD TRY

Caldwell Cab 2004 (\$100/Bottle) **WS 94**
Paul Hobbs Napa Valley Cab (\$75/Bottle)

**REVERENCE VINEYARD
COOMBSVILLE
2011 CABERNET SAUVIGNON**

Reverence Vineyard is situated in southern Napa’s Coombsville/Tulocay area. The 12+ acre vineyard sits on shallow, rocky-gravel soils and is solely focused on growing cooler climate Cabernet Sauvignon. The microclimate, influenced by the cooling breezes and fogs off San Pablo Bay, help grapes assert the classic Cabernet acid/tannin profile. Reverence Vineyard was planted to a variety of clones primarily on 110R rootstock in 2002. The meticulous sustainable farming techniques and obvious care that have gone in the property’s development have us truly excited.

2011 Cabernet Sauvignon Barrel Price: \$10,500 (\$35.00/Bottle)

WINES YOU SHOULD TRY

Frank Family Vineyards (\$85/Bottle) **RP 95**

**RIVER RUN VINEYARD
ST. HELENA
2011 CABERNET SAUVIGNON**

River Run is located just west of the Napa River on Zinfandel Lane. Planted in the mid-1990s, this 6-acre certified organic vineyard features gravelly soils and plenty of sun, making for intensely complex interpretations of Cabernet. Mark Neal’s viticultural hand oversees farming on this meticulous property planted to clone 8. Stylistically, River Run is similar to our other St. Helena sites, with plenty of fruit characters to complement the soundly structured tannins

2011 Cabernet Sauvignon Barrel Price: \$9,300 (\$31.00/Bottle)

WINES YOU SHOULD TRY

Arrowood (\$30/Bottle) **RP 91**

**SARALEE’S VINEYARD
RUSSIAN RIVER VALLEY
2011 MARSANNE, 2011 ROUSSANNE**

Two white varietals of France’s northern Rhône, Marsanne and Roussanne have found surging popularity in California. Given the high demand for Rhône whites, it’s extremely difficult to find top-quality fruit. The moderate temperatures and precision farming at this Russian River site make for a perfect match for these varietals. Planted in 2002 in well draining sandy-loam soils, Saralee’s is a high density site, with vines spread just 4 feet apart. They’re cropped to a single cluster per shoot, the same aggressive viticulture practices we use for the Russian River Viognier. For extra aromatics, we can blend in a bit of Viognier.

2011 Marsanne Barrel Price: \$6,000 (\$20.00/Bottle)
2011 Roussanne Barrel Price: \$6,000 (\$20.00/Bottle)

WINES YOU SHOULD TRY

Brewer-Clifton
Copain

**SEBASTIANO VINEYARD
STA. RITA HILLS
2011 PINOT NOIR**

Sebastiano Vineyard is a new planting in Sta. Rita Hills. Serving some of the top Pinot Noir producers in California, we have a long-term lease and we were able to pick the clones, rootstock and blocks in this incredible vineyard. We planted clones 115, 667, Swan and Pommard 4, mostly on 3309 rootstock. Vines are planted 3x6 and are southwest facing with relatively steep 15-25 degree slopes. Farmed by rockstar Jeff Newton’s Coastal Vineyard Care, we’re only going to get a small amount of fruit this year (probably ½ ton per acre), but will be upping our production in the next couple of years. We think this vineyard is the next big thing in Sta. Rita Hills.

2011 Pinot Noir Barrel Price: \$8,500 (\$28.33/Bottle)

Groth Reserve (\$150/Bottle)

WS 95

**SIX ACRE VINEYARD
OAKVILLE
2011 CABERNET SAUVIGNON**

Located in the heart of Napa Valley, the Oakville District is home to some of the most accomplished and recognized Cabernet Sauvignon vineyards in the world. The climate in Oakville is unique from other Napa Valley AVA's primarily because of its mid-valley positioning; it is southern enough to attract morning fog from the San Pablo Bay, yet far north enough to bask in the warm afternoon sun. The Six Acre Vineyard site on Oakville Cross Road is in its 4th leaf and is cropped to only one ton/acre which translates to low-yield/high-concentration fruit. Approximately 6 acres are split between clones 338 and 169, all on 101-14 rootstock in clay loam soil and trellised to bilateral cordon pruned, vertical shoot positioning.

2011 Cabernet Sauvignon Barrel Price: \$9,600 (\$32.00/Bottle)

WINES YOU SHOULD TRY

Kosta-Browne (\$62/Bottle)
Fulcrum (\$52/Bottle)

WS 92

WS 94

**SPLIT ROCK VINEYARD
SONOMA COAST
2011 PINOT NOIR**

Split Rock is located in the Sonoma Coast growing region on the west side of Sonoma Mountain. Its rocky soils combine with winds from the Petaluma Gap to create a challenging growing environment, but one that consistently produces great fruit. Most of the vineyard has optimal southwest exposure and is densely planted with over 2,000 vines per acre. Wines from this cool climate site are dense, feature dark cherry and have an excellent tannin and acid backbone required for aging.

2011 Pinot Noir Barrel Price: \$8,500 (\$28.33/Bottle)

WINES YOU SHOULD TRY

Carlisle (\$33/Bottle)

RP 94

**TELDESCHI VINEYARD
DRY CREEK VALLEY
2011 ZINFANDEL, 2011 PETITE SIRAH**

This vineyard produces Zinfandel, Syrah and Petite Sirah from vines that are up to 115 years old. Like most great Zinfandel sites, these vines are head pruned, yields are low and the grapes are packed with flavors of cherry, blackberry and boysenberry. If you're a Zin fan, you've undoubtedly had some of this stuff. The Petite Sirah is also pure, dark, and wild in classic Dry Creek style. If you like your wines big, this is the vineyard for you.

2011 Zinfandel Barrel Price: \$7,500 (\$25.00/Bottle)
2011 Petite Sirah Barrel Price: \$7,500 (\$25.00/Bottle)

WINES YOU SHOULD TRY

Clos Mimi (\$72/Bottle)
Ojai (\$62/Bottle)
Sine Qua Non

RP 94

RP 95

**WHITE HAWK VINEYARD
SANTA BARBARA COUNTY
2010 SYRAH, 2010 & 2011 SANGIOVESE**

White Hawk Vineyard sits on the southern facing slope of Cat Canyon some 21 miles from the Pacific and 2 miles north of the tiny town of Los Alamos. The marine influence causes cool, early morning fogs that envelop the site before giving way to bright sun. It's planted at an elevation of 900 feet on pure sands that immediately drain off water and nutrients forcing the vines to work extra-hard to survive. The Syrah has a strong core of acidity complemented by elements of smoke and blackberries. White Hawk is custom-farmed using sustainable and primarily organic viticulture methods. The yields here are miniscule and the berries intense.

2010 Syrah Barrel Price: \$7,500 (\$25.00/Bottle)
2010 Sangiovese Barrel Price: \$6,500 (\$21.67/Bottle)
2011 Sangiovese Barrel Price: \$7,200 (\$24.00/Bottle)
